# London Study & Industry Tour with London Institute of Skills Development CPD Certificates

Industrial Visit to London, United Kingdom will help the students get exposure to how a Multi-National Company works and manages its resources! An interactive session with the CEO's would enrich not just their learning skills but also impart both interpersonal skills and good work ethics!!

The United Kingdom made up of England, Scotland, Wales and Northern Ireland is an island nation in northwestern Europe. England – the birthplace of Shakespeare and The Beatles – is home to the capital, London, a globally influential center of finance and culture. England is also the site of Neolithic Stonehenge, Bath's Roman spa and centuries-old universities at Oxford and Cambridge.

On this industrial visit to the United Kingdom, you'll be visiting England. A classy and professional land it is. You will be visiting the top industries in England and will perform workshops under the best faculties there. Certifications will be provided for all the workshops and seminars you attend. Get to visit the top universities and obviously get tours of these universities. You can get all the information and advice you want if you are planning to study further in England. So, you get to visit the best institutions for sure that's the main motive but you also get to look at London through the London eye. You get to meet the Big Ben. See the Tower of London and many more pleasing and exciting destinations like the Buckingham palace, tower bridge, palace of Westminster and also the St. Paul's Cathedral and many more.
